Ofsted Inspection Timings 2024-25

November 2024

Names for Inspections

- Full section 5 inspections are referred-to as Graded Inspections. These inspections use the full framework. Ofsted will no longer give a one word overall effectivness grade to a school in a Graded inspection.

- Section 8 inspections of previously graded ‘good’ and ‘outstanding’ schools are referred to as Ungraded Inspections. These do NOT result in graded judgements but focus on if the school has taken effective action to maintain the standards identified at the previous inspection.

- There is now one handbook that applies to both these types of inspections. - [Link Here]

Outstanding Schools - Formerly Exempt Schools

- All formerly exempt schools will receive an initial inspection by July 2025.

- The timing will be based on the date of their last inspection or that of their predecessor school if they have converted.

- There are two parallel inspection ‘tracks’.

	Last Inspected after September 2015 - Ungraded		Last Inspected before September 2015 - Graded	
Most likely to be inspected in Aut 2024	Before	Dec-18	Before	Jul-13
Likely in 2024/25	Before	Mar-20	Before	Jul-15
Unlikely in 2024/25	After	Sep-21		

Outstanding Schools - Inspected in 2021/22

- Any school previously judged ‘Outstanding’ in 2021/22 are likely to have their next inspection approximately four years later. Usually this will be an Ungraded Inspection though some will be Graded based on a risk assessment process.

- A school inspected under S8 (Ungraded) in 2021/22 that indicated that outstanding performance may not have been maintained will normally have a graded inspection will be carried out within 1 to 2 years of their ungraded inspection.

Good Schools

A school judged good will usually be inspected within the 4 academic years following its last inspection.

- Usually this will be an Ungraded Inspection though some will be Graded based on a risk assessment process.

	Schools Graded Good	
Most likely in 2024/25	Before	Dec-19
Likely in 2024/25	Before	September 2020
Possible in 2024/25	Before	Sep-21
Unlikely	After	Sep-21

Caveats:

- Academy Converters

- If a good school converted to academy status before September 2020 it is likely to be inspected in their fourth or fifth year after conversion
- If a good school converted to academy status after September 2020 it is likely to be inspected in their third year after conversion.

- **Good school** inspected under S8 (Ungraded) in 2020/21 or 2021/22 that indicated that the school may possibly be outstanding or requires improvement will normally have a graded inspection will be carried out with 1 – 2 years.

Requires Improvement

- Schools previously judged to require improvement or to be inadequate will usually be inspected within two and a half years.

- If the school has subsequently converted to become an academy then:
  - If it converted to academy status before September 2020 it is likely to be inspected in their fourth or fifth year after conversion
  - If it converted to academy status after September 2020 it is likely to be inspected in their third year after conversion.

	Schools Requiring Improvement	
Likely in 2024/25	Before	Sep-21
Possible in 2024/25	Before	Apr-22

SAfE Tracking Spreadsheet

- We will continue to track our inspections in Surrey and share with colleagues when schools have been inspected on a termly basis. We will NOT share any outcomes or information that is not available on the Ofsted website.

- Whilst Ofsted have published in their handbook timings they retain the legal right to inspect schools in any order and to inspect schools at any time so this is not an exact science.
- We hope the spreadsheets are a help for schools.
- If you have any questions or comments please contact the school improvement team at:

admin@schoolsallexcel.com

Colour Key
Nursery School - inspection within 4 year cycle
Previously exempt before Sept 2015 - will be a graded inspection
Previously exempt after Sept 2015 - likely to be an ungraded inspection
Recently Inspected next inspection in 1-2years will be graded
Likely to be ungraded about three years after conversion
Likely to be ungraded about 4 years after last inspection
Recently Inspected next inspection in 1-2years will be graded
Recently Inspected next inspection in 1-2years will be graded
Likely to be 30 months after previous inspection
Likely to be within three years of conversion date
Likely to be 30 months after previous inspection
Likely to be 30 months after previous inspection or within three years if subsequently converted
Graded inspection between 1 – 2 years of conversion
