Ofsted Inspection Timings 2025-26

July 2026

Under the new framework, all routine inspections of schools will be Section 5 'full inspections'. The framework states that they will no longer be carrying out ungraded inspections' (i.e. no more 'section 8' style ungraded visits)

Schools will be inspected on a cycle of every 4 years; this is the intended 'school inspection cycle'. Although 4 years is the baseline cycle, the framework is clear that inspection may occur sooner if there are risks, concerns, or underperformance flagged.

Link for the new framework.

Monitoring / Focused / Additional Inspections

There will be monitoring inspections for schools judged to be in need of improvement or in concern categories. Monitoring inspections will focus on the specific areas for improvement identified in the full inspection (rather than redoing the entire inspection).

If a school receives an evaluation area graded “needs attention”, it will be placed into a monitoring regime.

Schools judged as 'urgent improvement' (i.e. serious concerns) will receive even more frequent monitoring inspections.

Monitoring inspections will typically happen each school term (i.e. roughly 3 times a year) following the publication of the full inspection report, for those in categories of concern.

The number of monitoring inspections is capped in time:

- Schools needing significant improvement may have up to 5 monitoring inspections in the 18 months after the last full inspection.
- Schools in 'special measures' or equivalent may have up to 6 monitoring inspections in the 24 months after the last full inspection.

If during a monitoring inspection inspectors determine the school has improved sufficiently, that inspection can be upgraded to a full inspection, with all judgments applied.

Some Additional Caveats

The framework also provides for 'suspend and return' in certain safeguarding cases — when there are safeguarding concerns due to leadership or record-keeping failures, the inspectors may withhold judgment and return within ~3 months to complete the judgment, if improvements are made.

Whilst Ofsted have published in their handbook timings they retain the legal right to inspect schools in any order and to inspect schools at any time so this is not an exact science.

New School Inspection Model – Summary Table (from Nov 2025)

School Judgement	Type of Inspection	How Often	Notes
Strong	Full inspection	Every **4 years**	Standard cycle. No monitoring in between unless concerns arise
Effective	Full inspection	Every **4 years**	Standard inspection.
Needs Attention	Full inspection + Monitoring	Full: every 4 years Monitoring: each term	Monitoring targets areas needing improvement. Up to 5 monitoring visits in 18 months.
Urgent Improvement	Full inspection + Intensive Monitoring	Full: may be earlier Monitoring: each term	More serious concerns. Up to 6 monitoring visits in 24 months.
Safeguarding Concerns (specific)	"Suspend & Return" + Monitoring	Follow-up in ~3 months	No full grade until safeguarding re-evaluated.
New Schools / Conversions	Full inspection	Within 3 years of opening/conversion	Applies to new academies or free schools.

Previously Graded Good or Outstanding Schools

Any school previously judged 'Outstanding' or 'Good' are likely to have their next inspection approximately four years later.

	Schools Graded Good	
Most likely in 2025/26	Before	Sep-22
Likely in 2026/27	Before	Sep-23
Possible in 25/26	Before	Sep-23
Unlikely	After	Sep-23

Caveats:

If a good school converted to academy status after September 2020 it is likely to be inspected in their third year after conversion.

Previously Graded Requires Improvement or Inadequate Schools

Schools previously judged to require improvement or to be inadequate will usually be inspected within two and a half years (30 months).

	Schools Graded Requiring Improvement	
Most likely in 2025/26	Before	Sep-23
Likely in 2026/27	After	Sep-23
Possible in 25/26	After	Sep-23

Schools with Good or Outstanding Declining or Improving Outcomes

Recently Inspected next inspection in 1-2years will be a full routine inspection.

	Schools Graded Requiring Improvement	
Likely in 2025/26	Before	Sep-24
Possible in 25/26	After	Sep-24

SAfE Tracking Spreadsheet

We will continue to track our inspections in Surrey and share with colleagues when schools have been inspected on a termly basis. We will NOT share any outcomes or information that is not available on the Ofsted website.

We hope the spreadsheets are a help for schools. If you have any questions or comments, please contact the school improvement team at:

admin@schoolsallexcel.com

Colour Key
Likely to be Graded inspection about 4 years after last inspection
5 monitoring inspections in 18 months after last inspection
5 monitoring inspections in 18 months after last inspection
6 monitoring inspection within 2 years of last inspection, which can turn into full inspection
Likely to be within three years of conversion date
